Dear Gary, thank you for this quick reply. I think a debate is what is wanted more than anything, and it is very difficult to have one when the bypass study is being conducted 'in secret'!

Dear Emma

My thanks for your note which I have forwarded to all relevant titles across West Sussex including the West Sussex Gazette and Littlehampton Gazette.

I have at no time sought to suppress any point of view in this debate and very much welcome your contribution.

My best wishes

Gary
